

October 19, 2021

Dear Family Members,

We wanted to take a moment to update you on our latest round of testing results and to introduce a few of our new faces at Presidential Oaks.

We welcome our new Nursing Home Administrator, Chris Cavarretta, who has been an administrator for more than five years in both New Hampshire and Massachusetts. He is a former social worker for the State of New Hampshire, Air Force veteran, husband and father of four. Welcome Chris!

Presidential Oaks also has a new Activities Director. Selma Mehmedovic has a variety of fun and exciting ideas planned for residents and staff to enjoy. A native of Bosnia, Selma has a passion for elder care and is eager to bring her experience to lead the Activities Department.

As for Covid updates, as you were previously made aware, on Wednesday, October 13, 2021, the center was notified of a Breakthrough Case of one of our Activities Staff. The last date the staff member worked at the center was on Wednesday, October 13, 2021.

After completing a first round of tests of residents and staff, we have no additional positive cases. We are currently awaiting the final results of a second round of testing of our 2<sup>nd</sup> floor residents. As of this afternoon, some of those test results have already come in.

Currently, visitation is allowed for residents on the 3<sup>rd</sup> floor. However, until we have all the test results back, visitation for 2<sup>nd</sup> floor residents continues to be suspended. We anticipate having a full update by Thursday, Oct. 21, if not sooner, on the status of 2<sup>nd</sup> floor visitation.

As always, continue to look for updates on the Presidential Oaks Facebook page as well as through email. As soon as we know, you will know! If you have further questions, feel free to call us at 225-6644.

We will update you all, later in the week.

Sincerely,

A handwritten signature in black ink, appearing to read "Chris Cavarretta", written over a horizontal line.

Chris Cavarretta, NHA, MS  
Administrator
