

August 23, 2021

Dear Family Members and Responsible Parties,

Our COVID-19 response testing period has ended. There were no further positive cases. We can begin visitations again effective today, Monday, Aug. 23, 2021.

Visitation parameters:

- Open visits - 10 a.m. to 4 p.m. – no more than two (2) visitors at one time.
- Schedule visits can be made through the Reception Desk if families want to visit at a different time.
- Check in at Reception Desk for proper screening.
- Masks are now mandatory during all visits inside the center. Outside the center, masks can be removed.

This is a very inconvenient period for everyone; we appreciate your support and compliance.

Welcome back!

Sincerely,  
Jeff Schwartz, CEO-Exec. Adm.
